We watch over the land and sea and in turn they watch over us.

November, 2013

A Message from the Mayor

On behalf of the citizens of Vancouver and my colleagues on City Council, I would like to extend my heartfelt congratulations to The Jean Lyons School of Music as they celebrate their 50th Anniversary.

Vancouver has a thriving arts community and I am pleased to congratulate The Jean Lyons School of Music for their many accomplishments. Our children are the future and they should all have a chance to shine and be all that they can be. Music education is important to the growth and development of all children and when it is provided in a fun and supportive environment - the sky's the limit. The Jean Lyons School of Music has made a tremendous contribution to the rich musical appetite of our city.

Congratulations on your first 50 years and we wish you continued growth and prosperity!

Yours truly,

Gregor Robertson
MAYOR
